Promotion of sustainable agriculture (diversified plants) and land restoration

Since the year 2023, Acting for Peace, Development and Well-being for All (APDWA) has been working to promote sustainable agriculture in Bunyakiri/Kalehe, South-Kivu, DRC. More than 6000 seeds of cocoa trees have been distributed for free of charge to ± 300 farmers in Hombo, Irangi, Mukowa, Mashere, Makwe, Kabenga, in Bunyakiri/Kalehe territory.

The farmers have planted these in their fields to experience this type of agriculture whose harvest is more likely to contribute to the improvement of the socio-economic conditions of the indigenous and local communities in this area.

On September 2, 2023, a two hundred farmers from the different villages listed above gathered in Irangi on APDWA's invitation to receive the seeds. Some months later another hundred came in January 2024 for the same purpose when APDWA was ready with the seeds in its garden. The distribution of these seeds was totally for free of charge and was a response to the needs of the farmers.
